# NEWS FROM OVER THE STATE.

N. G. SOWARDS NOMINATED.

Vernal, June 18.-The convention which was held this afternoon for the purpose of nominating a candidate for the office of county superintendent of schools, resulted in the nomination of the present incumbent, N. G. Sowards, to succeed himself. There was a lively debase on the floor of the convention and in the committee, over the proposition as to whe her the choice of county superintendent should be settled by the convention nominating but one candidate or by the people taking their choice of two candidates to be presented as first and second choice of the convention.

Provo, June 21.—Marriage licenses were granted to the following: John Beesley and Laura Bird, both of Provo; John Gatherum and Hannah Hodson, also of Provo, and Charles C. F. Dixon of Payson and Adelia A. Schaener.

Warm at Vernal.

Vernal, June 18.—Ashley and Brush creeks are on the raise owing to the extremely warm weather of the last few days. The thermometer for the last three days has registered 90 in the shade. which was held this afternoon for the

convention.

The champions of a plurality of candidates, held to the view that the nomination of but one candidate by the convention was arbitrary and deprived the people of making a choice of candidates without resorting to the method of repudiating the action of their delegates and putting another candidate in case and putting another candidate in case and putting another candidate in case of the Washington County News will come out Saturday next. gates and putting another candidate in the open field, which fould necessarily result in a factional light and defeat the very ends for which a non-partisan convention was held.

the very ends for which a non-partisan convention was held.

The question was finally put to a vote in the body of the convention, which resulted in victory for the one candidate men. The names of N. G. Sowards and J. P. Rudy were then piaced before the convention and a ballot taken, which resulted in 16 votes being cast for Sowards and 14 for Rudy. Mr. Sowards was declared the nominee.

Considerable dissatisfaction was expressed by the friends of the defeated candidate and notice was given that the fight would be carried to the polis.

From present indications, instead of a harmonious school election, Unitah county will witness a very pretty factional contest, which adds one more illustration to the futility of any effort to do away with all strife, by non-partisanism.

Mass Meeting at Eureka.

Eureka, June 21.—A mass meeting of the citizens will be heid in L. O. O. F. hall tonght to make suitable arrangements for the celebration of the Fourth.

Harvesting In Dixie.

St. George, June 16.—The farmers here have commenced to harvest their grain, and in about two weeks all will be cut or ready to cut.

Suing the Road Again.

Provo, June 21.—Suit against Oregon Short Line was filed today by William E. Clark for damages resulting from loss of an animal.

# AUTONOMY IN CUBA.

President of the Council Praises General Blanco.

Havana, June 21.—Senor Galvez, the president of the colonial council, has closed the debates in the chamber with a message to the deputies in which he repeated that he did not wish to see autonomy established for Cubans or for Spaniards, but for all the inhabitants of the island of Cuba.

Continuing, the president paid a tribute to the efforts of Captain General

Henry A. Ingalis of Texas; to be chaplain, James M. Kirwin of Texas; to be captains, Bryant K. Gore. Frederick J. Cooke, Juan S. Hart, William D. Anderson, Grant H. Bennett, Frank A. Mayan, Amos D. Sparkman, E. D. Bujac, Stephen P. Allen, Edwin K. Marrast, Green W. Butler, Jesse L. Hall, all of Texas.

THEY WANT TO TELL

These Grateful Women Who Have Been Helped by Mrs. Pinkham.

Women who have suffered severely and been relieved of their ills by Mrs. Pinkham's advice and medicine are constantly urging publication of their statements for the benefit of other women. Here are two such letters:

'It affords me great pleasure to tell all suffering women of the benefit I have received from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottlesof Lydia E. Pinkham's Vegetable Compound, also used the Sanative Wash, and am cured. Mrs. Pinkham's medicine saved my life, and I would recommend it to all suffering women."

Ctr., N. Y. writes: "I took cold at the time my baby was born, causing me to have milk legs, and was sick in bed for eight weeks. Doctors did me no good. I surely thought I would die. I was also troubled with falling of the womb. I could not eat, had faint spells as often as ten times a day. One day a lady came to see me and told me of the benefit she had derived from taking Lydia E. Pinkham's medicine, and advised me to try it. I did so, and had taken only half a bottle before I was able to sit in a chair. After taking three bottles I could do my own work. I am now in perfect health."

# GRANTED DIPLOMAS.

MEETING OF THE STATE BOARD OF EDUCATION.

An Effort to Secure the National Educational Convention For Salt Lake Next Year-Closing Exercises of Salt Lake College.

A meeting of the state board of education was held in the office of State Superintendent Park yesterday, there being present Superintendent Millspaugh, Principal Bennion, President Tanner, President Kingsbury and Superintendent Park.

A number of applications for state certificates and diplomas was acted upon, state certificates being granted to Emily Farnes, Laura L. Foster, Allee Hermans, Sarah Gillett and C. E. Marks.

State high school diplomas were awarded to Mosiah Hall and Jesse W. Hoopes. A number of other applica-tions were left over until Friday, June 24, at 10 o'clock, when the board will again meet.

THE N. E. A.

City Superintendent Milispaugh, President Tanner of the agricultural college and President Kingsbury of the university are striving to revive inter-est in the endeavor to secure for Salt Lake in 1895 the meeting of the Na-tional Educational association. These gentlemen are addressing themselves to the work with commendable energy. SALT LAKE COLLEGE.

The closing exercises of the Salt Lake ollege will take place today and to-forrow. This evening there will be a declamatory contest in which 14 young people will participate, seven of whom will declaim, and a similar number will read essays. Prizes will be awarded to the successful contestants. To-morrow a prize debate will take place

Dr. J. M. Tanner will leave Logan July 1 for Washington, for the purpose of securing headquarters for the dele gation from Utah who will attend the N. E. A. Upon the adjournment of that body the doctor will visit New York. Philadelphia and Boston, returning about July 24.

# ARMY APPOINTMENTS.

Many Southerners Selected As Difficers of Immunes.

Washington, June 21 .- The president oday sent these nominations to the

senate:

Volunteer infantry, First regiment, to be lieutenant colonel, Harper H. Mc-Caleb of Texas. To be majors, Robert A. Rogers and William T. Levy of Texas; surgeon, with rank of major, William Stanley of Texas; assistant surgeon, with rank of first lieutenant, Henry A. Ingalls of Texas; to be chap-lain, James M. Kirwin of Texas; to be

duiged in another runaway accident
Monday. Me seems to lead a charmed

Decorations at the Hall of Relics

Finished.

Mrs. Amos Thombleau, Ellenburgh fectively throughout. Particular atten-tion is being paid to the room set apart for the ladies visiting the hall. It will be furnished with taste, and the walls will be hung with water colors and sketches that will add greatly to its

attractiveness.

Tintic and probably Mercur and Bingham as well will have headquarters for the entertainment of visitors during the congress, besides making provision for the special entertainment of those who may take advantage of the railroad excursions to the different mining centers.

Arrangements have been made with

Arrangements have been made with Hon. R. C. Lund to secure an exhibit of ores from Stateline district. James W Neill will furnish a collection of high grade copper samples from the La Sal mountains, and Oscar S. Young will send a display of Fuller's earth from the deposit in Summit county, near Wanship, with a comparative analysis, showing the relative merits of the imported English earth and the Utah product. All of these additions to the state collection will be valuable, and the committee hopes to have more such offers, particularly from owners of properties outside the large camps, which are already well represented. It is desired to make the display demonstrate the great variety of Itah's mineral resources, as well as their richness.

Over 59 new delegate appointments were certified to the secretary yesterday, and informal notice was also received that the governor of Nebraska has named his delegation at large, although no official notice of the fact has

has named his delegation at large, although no official notice of the fact has yet been received.

The delegate list follows:
Appointed by Governor Andrew Lee of South Dakota: Edmund Smith, Levi McGee, Fred H. Whitfield, C. L. Wood, William Gardner, James M. Wooda, I. F. C. Smith, Rapid City; William McLaughlin, Matt Plunkett, W. O. Temple, James Foley, Joseph Hilton, Harry Delaray, Judge Joseph B. Moore, D. A. McPherson, Harris Franklin, F. T. Irons, Phil Short, Fred Brown, G. C. Moody, E. W. Martin, Frank R. Carpenter, C. A. Hallam, Soloman D. Burnes, F. Rossiter, Deadwood; John F. Fayal, C. L. Lewis, Keystone; Henry Schmidt, J. O. ed to the succession of the fact will take place which will also be very interesting. By reason of the fact that the college courses have been lengthened, there will not be a graduating class this year.

Tableton

tains their good qualities indefinitely, while liquid preparations become stale and useless with age.

They are convenient, can be carried in the pocket, and taken when needed. They are pleasant to the taste.

After each meal dissolve one or two of them in the mouth, and, mingling

of them in the mouth, and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas, and keeping the blood pure and free from the poisonous products of fermented, half digested food. Stuart's Dyspensia Tablets make the complexion clear, by keeping the blood pure.

They increase flesh by digesting first increase fiesh by digesting fiesh-forming foods.

Stuart's Dyspepsia Tablets, the only remedy designed especially for the cure of stomach troubles, and nothing else.

One disease, one remedy, the successful physician of today is the specialist. the successful medicine is the medicine prepared especially for one disease. A whole package taken at one time would not hurt you, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets, Sold by all druggists, at 50 cents per nackage.

PRESERVING FRESH MEATS. New Method Discovered By a Danish

Zoologist. New York, June 21.—A special to the Times from Washington says: Oliver K. Hughes, consul at Sonneberg, Germany, in a report dated April 27, tells of a new method of preserving meat. His report is as follows:

A new method of preserving freshly killed meats has been discovered by the Danish molocity August Fleshtrm.

Eighth regiment, U. S. V. I., to be chaplain, Benjamin W. Arnett, jr., of Illinois.

Tenth U. S. V. I., captains, Crandall Mackay of South Carolina, Albert J. Woude of Louisiana; to be second lieutenant, Winfield S. Brown of Ohio, First regiment volunteer engineers, captains, Samuel Rodman and Rionard Esmond of New York.

Second regiment, U. S. V. E., first lieutenant, Robert Stewart Brooks of New Jersey.

terhouses in a very satisfectory manner.

The method in itself is extremely simple and might be of great service for the troops in the tropics (the writer having had considerable experience in trying to keep fresh meat in Cuba). The animal to be used is first shot or stunned by a shot from a revolver, loaded with small slugs, in the forehead, in such a way as not to injure the brain property. As the animal drops senseless an assistant cuts down over the heart, opens a ventricle and allows the blood to flow out. The theory of this being that the decomposition of the blood is almost entirely responsible for the quick putrefaction of fresh meats. Immediately thereafter a briny solution made of coarse or fine fresh meats. Immediately thereafter a briny solution made of coarse or fine salt, more or less strong, according to length of time meat is to be kept, is injected by means of a powerful syringe through the other ventricle into the veins of the body. The whole process takes only a few minutes and the beef

WILL HAVE HEADQUARTERS.

Ores From Stateline and the La Sal
Mountains—Fuller's Earth From
Wansmip—Appointment of Over
Fifty Additional Delegates Announced—Work Being Pushed.

The work of unpacking and installing the state mineral exhibit in the hall of relics has been begun by Collector Wootten, under the direction of the secretary. The directors have practically finished their task and have transformed the bare walls and rafters into a most artistically adorhed exhibition room. The national colors form the ground work of the decorative scheme and have been utilized most effectively throughout. Particular attention is being paid to the room set apartice.

Turned from New York, where he spent a day in thorough examination of the hospital ship Relief, being fitted out for the use of the army in the West Indies. The final touches are being put for the vessel, and the will be ready to leave for her destination, which presumably will be saminably adapted for the purposes intended, and the general is more than satisfied with her. The cannot the vessel ordinarily is for 300 beds, but this may be doubled. The equipment of the vessel ordinarily is for 300 beds, but this may be doubled. The equipment of the vessel ordinarily is for 300 beds, but this may be doubled. The equipment of the vessel ordinarily is for 300 beds, but this may be doubled. The equipment is an ice-making plant with a capacity of about two tons per day, which, in addition to supplying the needs of the ship, will be adequate also to supply the field hospitals in the vicinity of the ship. There is also a water distilling plant and a carbonating plant, the latter installed with the money given by one of the relief associations. The canacity of the latter plant is more than is necessary for the vessel, and the surplus will be used for hospitals near a day in thorough examination of the is necessary for the vessel, and the surplus will be used for hospitals near by. The naval ambulance ship Soince is now in Cuban waters, and this yes-sel, with the Relief, will be used inter-changeably so far as the occasion

changeably so far as the occasion therefore may arise.

Unlike the navy ship, the Relief is distinctly a hospital ship and will be kept at its temporary destination until its beds are filled with sick and wounded men, when it will take them to the most available and convenient United States hospital.

FIELD FOR MISSIONARIES. Work In Cubs, Porto Rico and the Philippines.

New York, June 21.-The committee on China and the executive council of the Presbyterian board of foreign missions, to which was referred the expediency of opening missionary work in the Philippine Islands, has reported, recommending: "That the executive council be directed to hold an early conference with the representatives of the American board, the Baptist mission union, the missionary society of the Methodist Episcopal church and the board of foreign missions of the reformboard of foreign missions of the reform-ed caurch in America, with a view to a frank and mutual understanding as to the responsibilities of American Chris-tians to the people of Cuba, Porto Rico and the Philippine islands, and an agreement as to the most effective dis-tribution of the work among the sev-eral boards, if it shall be found expedierai rodains, it it shall be found expedi-ent and practicable to undertake it."

The report was submitted to the board of foreign missions during their regular monthly meeting by W. R. Richards.

# TRADE IN THE FAR EAST.

Boston Merchants Organize For an

Aggressive Campaign. Beston, June 21.-An important movement, having for its object the con servation of American trade in the far east, has been set on foot by Boston east, has been set on foot by Boston merchants. Prominent representatives of trade have held meetings and an American Asiatle association has been formed for the purpose, as stated in its constitution, "of fostering and safeguarding the commercial interests of the citizens of the United States and others associated therewith in the empires of China, Japan and Corea, the Philippines and elsewhere in Asia or Oceanica."

Oceanica."
The project has been under discussion for some time and is the outcome of the aggressive attitude on the part of Eu-

is ready for use and can be cut up at once. This method has been examined and very favorably reported on by the general consult at Odenz and Aarhaus, and also by many experts.

Public opinion is a vigilant and exacting tribunal, and its inexorable decrees cannot be ignored. Dale's strange powers are such as to be beyond the province of clear explanation. He does not even pretend to explain them himself. He does not claim to definitions of the province of clear explanation. He does not even pretend to explain them himself. He does not claim to definition of the province of the province of the province of the country or spiritual. Whatevar they are their results speak for themselves. His claim to superiority is based upon the country of the does not make these claims like a braggart, but in all modesty is fully confidence of his ability to verify them. In this skeptical age people want proof. The wonders being daily wrought by this marvelous man are proof of the truth of his claims. The doubter sees and is convinced. His patrons are his winesses. But not his patrons are his winesses. But not his patrons alone. The press of the entire world joins his patrons in pronouncing his phenomenal powers interprocedualor, it was the hos some. The strange forces that enable him to perform his wonders have been delegated to no other living person.

Strong as this assertion may seem, it is backed by unimpeachable testimony.

PROF. ROBT DALE

Gives Full Name

of every Caller. Name of Your

Sweethart or

Husband.

provided for.

Take notice of the many favorable comments on his work that appear nearly every day in the leading papers. Hours for reading, 9 a. m. to 8 p. m.; Monday and Frifay evenings until 8; Sundays, 10 to 4.
